

Unit 4 Final Assessment Task
 Ordering Food from Yarumba Restaurant

Your final assessment task for this unit will be a video-recording of you successfully ordering food from the Yarumba's restaurant. You must order at least one drink, one appetizer, and a main dish, while greeting the waiter/waitress appropriately. Based on what you say, your classmate will write down your order.

Your task outcome will be confirmed and assessed according to the rubric below.

To make sure you perform this task to the best of your ability, I will give you time to plan and practice in class. In the space below, you can write down some chunks (i.e., phrases) of language that you can use, as well as any vocabulary. NOTE: Please do NOT read a script during your recording.
