- 1.
- 2.
- 3.

Listening to Spanish: We have been working on our listening skills in Spanish, and specifically, listening for meaning. Can you recognize any word or words in the song in Spanish? Try to parse out at *least two words* in Spanish. It's ok if you don't know what they mean.

Soy haitiana y estoy en colombia en este momento. Y pienso que los colombianos son muy amables y agradables! Especialmente los afrocolombianos. Me llaman «hermana de mi color». Es muy lindo saber que los afrocaribenos pueden ser unidos! Viva Colombia!
