

Task 6: Researching and Writing about an Afro-Latin American cultural group

Unit 8, second assessment Task

For your second final assessment task, you will do research and briefly report on an Afro-Latin/Afroindigenous cultural group in Latin America. This essay can be in English. Your report must be three pages, single-spaced (font size 12). The first page is your written report. In this, you must describe (1) where the group is located, (2) the group's ethnogenesis (e.g., their origins, how they got to where they are, their *ligado ancestral*), and (3) at least THREE interesting facts about their language and culture.

The second page should include photos and a map, showing where the group is located.

The third page should be the references from where you got your information.

You must upload your report to your learning e-portfolio.

Criterion	Check off if completed
1. Student reported on an Afro-Latin / Afroindigenous group.	<input type="checkbox"/>
2. Student described the group in their own words.	<input type="checkbox"/>
3. Student described where the group is located.	<input type="checkbox"/>
4. Student detailed the group's ethnogenesis (e.g., their origins, how they got to where they are, their <i>ligado ancestral</i>).	<input type="checkbox"/>
5. Student shared at least THREE facts about their language and culture. (3 points)	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
6. Student submitted a 3-page report that was professionally organized and followed the instructions. The first page was the written part; the second page of the report showed a map and images of the group; and the third page listed references used. (3 points)	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>

Final score: _____ / 10
